Partnership Programme

# Define New Customer Experiences

For our community of users, Xperience is an app to meet new friends and discover great activities. For you, Xperience is your way to grow your customers and build new, digital connections with your new customers. This means you can reach more people without any effort and become part of our ever growing community of businesses in Vienna.

As part of our partnership programme, we can help you grow and reach more customers for you. This allows you to perfectly respond to changing customer expectations:

CONVENIENCE

DIGITAL SERVICES

LASTING RELATIONS

Customers expect convenience and want to find places easily. They also rely on digital services and expect their favourite places to have great digital profiles to create lasting relations with them.

## HOW YOU CAN BENEFIT FROM XPERIENCE

As one of our partners, you get access to exclusive benefits on the Xperience App:

### Visibility at a Glance

When users create activities, your business will be immediately visible. We ensure that the right people find your place.

### Be found in no time

Share information about you in your profile, so that users can find you and fall in love with your place.

### Promote your events

When you host events, share them on the app and allow the whole Xperience community to find them and take part.

### And so much more...

Be listed on the Xperience App, get help setting up the perfect profile and receive promotion on our social networks and blog.

## PRE-REGISTER AS A PARTNER

You can now pre-register for our partnership programme to become a member once we roll it out in Spring 2023. We are excited to get to know you and help you expand your community of new customers! For more information or to pre-register, send us an email or visit our website.

We would love to get to know you and help you reach more people together!
